IN RE: Larry L. Wisser

Debtor(s)

vs.

The United States of America, acting through the
Farm Service Agency (FSA), a successor agency to
the Farmers Home Administration (FmHA), United
States Department of Agriculture (USDA)

Respondent

CHAPTER 12

NO. 18-14949 REF

**RESPONSE OF UNITED STATES OF AMERICA, ACTING THROUGH USDA, FARM
SERVICE AGENCY TO DEBTORS' OBJECTION TO PROOF OF CLAIM**

Respondent, The United States of America, acting through the Farm Service Agency (FSA), a successor agency to the Farmers Home Administration (FmHA), United States Department of Agriculture (USDA), by and through its counsel, KML Law Group, P.C., hereby opposes Debtors' Objection to Proof of Claim and assigns the following reasons therefore:

1. Admitted.
2. Admitted in part and denied in part. Admitted that Respondent filed its Proof of Claim on August 31, 2018 as Claim No. 4. It is denied that the claim is in the secured amount of \$521,1414.51 as the total secured claim amount is \$521,141.51. It is denied as to classification of the claim as a "secured claim not otherwise specified." The claim specifically states that it is secured by real estate and chattel.
3. Denied.
 - a. Denied. The total secured claim amount is \$521,141.51 as detailed in both the filed Proof of Claim and in the documents attached hereto.
 - b. Denied. The total secured claim amount is \$521,141.51 as detailed in both the filed Proof of Claim and in the documents attached hereto.
 - c. Admitted in part and denied in part. As detailed below and in the documents attached hereto, four of the five loans included in Respondent's Proof of Claim were placed in a supervised bank account. The remaining loan was disbursed

directly to Debtors.

- d. Denied. Information regarding the underlying loans has been given to the debtors through the loans' histories. Further, Debtors have executed multiple subsequent Promissory Notes on all loans at their request, including requests to restructure the loans and requests for payment deferrals.
4. Additionally, Respondent's Proof of Claim is self-sustaining and constitutes prima facie evidence of the amounts actually due.
5. The Debtors object to the Claim by disputing the total debt outlined in the Claim.
6. Since the Debtors have failed to overcome the presumption of validity attendant to the Claim, the objection must fail, and the Claim must be allowed as filed.
7. The Claim, as filed, is entitled to a presumption of allowability. See 11 U.S.C. Section 502(a); Fed. R. Bankr. P. 3001(f); See, e.g., In re Pagnotti, 269 B.R. 326 (Bankr. M.D. Pa. 2001).
8. By filing the Objection, the Debtors incur the burden of overcoming the presumption of allowability and establishing the bases that the Claim is invalid. In re Allegheny Int'l, Inc. 954 F.2d 167, 173-4 (3d Cir. 1992).
9. The mere filing of the Objection does not satisfy the Debtors' burden; rather, the Debtor must offer evidence to overcome the presumption of validity of the Claim. In re Pagnotti, 269 B.R. 326.
10. The Debtors have not filed any documentation to dispute the amount of the Claim. As such, the Debtors' objection must be overruled.
11. The amounts due alleged in the Proof of Claim are reasonable, actually incurred and in accordance with applicable law.
12. Debtors have failed to overcome the prima facie evidence of the validity of Respondent's Proof of Claim.
13. More specifically, the loans included in Respondent's Proof of Claim break down as follows:

Loan A

14. Loan A was originally executed on November 10, 2004 by Debtors in the total amount of \$150,000.00 under loan number 44-01. A copy of the Promissory Note is attached hereto as Exhibit A.

The consideration for this note shall also support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan funds shall be advanced to the Borrower as requested by Borrower and approved by the Government. Approval by the Government will be given provided the advance is requested for a purpose authorized by the Government. For each rescheduled, reamortized or consolidated note for applications for Primary and Preservation Loan Service Programs received prior to November 28, 1990, interest accrued to the date of this instrument which is more than 90 days overdue shall be added to principal and such new principal shall accrue interest at the rate evidenced by this instrument. For applications for Primary and Preservation Loan Service Programs received on or after November 28, 1990, all unpaid interest accrued to the date of this instrument shall be added to the principal and such new principal shall accrue interest at the rate evidenced by this instrument.

Every payment made on any indebtedness evidenced by this note shall be applied first to a portion of any interest which accrues during the deferral period, second to accrued interest to the date of the payment on the note account and then to the principal. Nonprogram loans are not eligible for deferral.

Prepayments of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. Refunds and extra payments, as defined in the regulations (7 CFR § 1951.8) of the Farm Service Agency according to the source of funds involved, shall, after payment of interest, be applied to the last installments to become due under this note and shall not affect the obligation of Borrower to pay the remaining installments as scheduled in this note.

If the Government at any time assigns this note and insures the payment of it, Borrower shall continue to make payments to the Government as collection agent for the holder. While this note is held by an insured holder, prepayments made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on an installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between such date and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by Borrower to the Government without demand.

Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. Unless the Government consents otherwise in writing, Borrower will operate such property as a farm if this is a Farm Ownership loan.

If "Consolidation and subsequent loan," "Debt write down," "Consolidation," "Rescheduling," or "Reamortization" is indicated in the "Action Requiring Note" block in Item 9 above, this note is given to consolidate, reschedule or reamortize, but not in satisfaction of the unpaid principal and interest on the following described note(s) or assumption agreement(s) (new terms):

Security instruments taken in connection with the loans evidenced by these described notes and other related obligations are not affected by this consolidating, rescheduling or reamortizing. These security instruments shall continue to remain in effect and the security given for the loans evidenced by the described notes shall continue to remain as security for the loan evidenced by this note, and for any other related obligations.

REFINANCING (GRADUATION) AGREEMENT: If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, Borrower will, at the Government's request, apply for and accept a loan(s) in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. The provisions of this paragraph do not apply if the loan represented by this promissory note was made to the Borrower as a non-program loan.

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION AGREEMENT: Borrower recognizes that the loan described in this note will be in default should any loan proceeds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity as further explained in 7 CFR Part 1940, Subpart G, Exhibit M. If (1) the term of the loan exceeds January 1, 1990, but not January 1, 1995, and (2) Borrower intends to produce an agricultural commodity on highly erodible land that is exempt from the restrictions of Exhibit M until either January 1, 1990, or two years after the Natural Resources Conservation Service (NRCS) has completed a soil survey for the Borrower's land, whichever is later, the Borrower further agrees that, prior to the loss of the exemption from the highly erodible land conservation restrictions found in 7 CFR Part 12, Borrower must demonstrate that Borrower is actively applying on that land which has been determined to be highly erodible, a conservation plan approved by the NRCS or the appropriate conservation district in accordance with NRCS's requirements. Furthermore, if the term of the loan exceeds January 1, 1995, Borrower further agrees that Borrower must demonstrate prior to January 1, 1995, that any production of an agricultural commodity on highly erodible land after that date will be done in compliance with a conservation system approved by NRCS or the appropriate conservation district in accordance with NRCS's requirements.

DEFAULT: Failure to pay when due any debt evidenced by this note or perform any covenant of agreement under this note shall constitute default under this and any other instrument evidencing a debt of Borrower owing to, insured or Guaranteed by the Government or securing or otherwise relating to such debt; and default under any such other instrument shall constitute default under this note. **UPON ANY SUCH DEFAULT,** the Government at its option may declare all or any part of any such indebtedness immediately due and payable.

This Note is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act, or the Emergency Agricultural Credit Adjustment Act of 1978 and for the type of loan as indicated in the "Kind of Loan" block above. This Note shall be subject to the present regulations of the Farm Service Agency and to its future regulations not inconsistent with the express provisions of this note.

Presentment, protest, and notice are waived.

13. Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by the Borrower to the Government without demand.

19. If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, the Borrower will, at the Government's request, apply for and accept a loan in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. For each rescheduled, reamortized or consolidated note for applications for Primary and Preservation Loan Service Programs received prior to November 28, 1990, interest accrued to the date of this instrument which is more than 90 days overdue shall be added to principal and such new principal shall accrue interest at the rate evidenced by this instrument. For applications for Primary and Preservation Loan Service Programs received on or after November 28, 1990, all unpaid interest accrued to the date of this instrument shall be added to the principal and such new principal shall accrue interest at the rate evidenced by this instrument.

Every payment made on any indebtedness evidenced by this note shall be applied first to a portion of any interest which accrues during the deferral period, second to accrued interest to the date of the payment on the note account and then to the principal. Nonprogram loans are not eligible for deferral.

Prepayments of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. Refunds and extra payments, as defined in the regulations (7 CFR § 1951.8) of the Farm Service Agency according to the source of funds involved, shall, after payment of interest, be applied to the last installments to become due under this note and shall not affect the obligation of Borrower to pay the remaining installments as scheduled in this note.

If the Government at any time assigns this note and insures the payment of it, Borrower shall continue to make payments to the Government as collection agent for the holder. While this note is held by an insured holder, prepayments made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on an installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between such date and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by Borrower to the Government without demand.

Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. Unless the Government consents otherwise in writing, Borrower will operate such property as a farm if this is a Farm Ownership loan.

If "Consolidation and subsequent loan," "Debt write down," "Consolidation," "Rescheduling," or "Reamortization" is indicated in the "Action Requiring Note" block in Item 9 above, this note is given to consolidate, reschedule or reamortize, but not in satisfaction of the unpaid principal and interest on the following described note(s) or assumption agreement(s) (new terms):

Security instruments taken in connection with the loans evidenced by these described notes and other related obligations are not affected by this consolidating, rescheduling or reamortizing. These security instruments shall continue to remain in effect and the security given for the loans evidenced by the described notes shall continue to remain as security for the loan evidenced by this note, and for any other related obligations.

REFINANCING (GRADUATION) AGREEMENT: If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, Borrower will, at the Government's request, apply for and accept a loan(s) in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. The provisions of this paragraph do not apply if the loan represented by this promissory note was made to the Borrower as a non-program loan.

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION AGREEMENT: Borrower recognizes that the loan described in this note will be in default should any loan proceeds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity as further explained in 7 CFR Part 1940, Subpart G, Exhibit M. If (1) the term of the loan exceeds January 1, 1990, but not January 1, 1995, and (2) Borrower intends to produce an agricultural commodity on highly erodible land that is exempt from the restrictions of Exhibit M until either January 1, 1990, or two years after the Natural Resources Conservation Service (NRCS) has completed a soil survey for the Borrower's land, whichever is later, the Borrower further agrees that, prior to the loss of the exemption from the highly erodible land conservation restrictions found in 7 CFR Part 12, Borrower must demonstrate that Borrower is actively applying on that land which has been determined to be highly erodible, a conservation plan approved by the NRCS or the appropriate conservation district in accordance with NRCS's requirements. Furthermore, if the term of the loan exceeds January 1, 1995, Borrower further agrees that Borrower must demonstrate prior to January 1, 1995, that any production of an agricultural commodity on highly erodible land after that date will be done in compliance with a conservation system approved by NRCS or the appropriate conservation district in accordance with NRCS's requirements.

DEFAULT: Failure to pay when due any debt evidenced by this note or perform any covenant of agreement under this note shall constitute default under this and any other instrument evidencing a debt of Borrower owing to, insured or Guaranteed by the Government or securing or otherwise relating to such debt; and default under any such other instrument shall constitute default under this note. **UPON ANY SUCH DEFAULT,** the Government at its option may declare all or any part of any such indebtedness immediately due and payable.

This Note is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act, or the Emergency Agricultural Credit Adjustment Act of 1978 and for the type of loan as indicated in the "Kind of Loan" block above. This Note shall be subject to the present regulations of the Farm Service Agency and to its future regulations not inconsistent with the express provisions of this note.

Presentment, protest, and notice are waived.

FOR VALUE RECEIVED, the undersigned Borrower and any cosigners jointly and severally promise to pay to the order of the United States of America, acting through the Farm Service Agency, United States Department of Agriculture, (herein called the "Government"), or its assigns, at its office in SUITE 240, 1238 COUNTY WELFARE ROAD, LEESPORT, PA 19533-9710

_____, or at such other place as the Government may later designate in writing, the principal sum of
ONE HUNDRED NINETY-NINE THOUSAND TWO HUNDRED FIFTY AND 90/100 ----- dollars
(\$ 199,250.90 -----), plus interest on the unpaid principal balance at the RATE of

of Noncapitalized interest. If this note is for a Limited Resource loan (indicated in the "Kind of Loan" box above) the Government may CHANGE THE RATE OF INTEREST, in accordance with regulations of the Farm Service Agency, not more often than quarterly, by giving the Borrower thirty (30) days prior written notice by mail to the Borrower's last known address. The new interest rate shall not exceed the highest rate established in regulations of the Farm Service Agency for the type of loan indicated above.

Principal and interest shall be paid in THIRTY-EIGHT installments as indicated below, except as modified by a different rate of interest, on or before the following dates:

\$ 11,619.00 ----- on	DECEMBER 21, 2007	;	\$ N/A ----- on	-----

\$ N/A ----- on	-----	;	\$ N/A ----- on	-----

and \$ 11,619.00 ----- thereafter on DECEMBER 21ST of each YEAR until the principal and interest are fully paid except that the final installment of the entire indebtedness evidenced hereby, if not sooner paid, shall be due and payable THIRTY-EIGHT (38) years from the date of this note, and except that prepayments may be made as provided below. The consideration for this note shall also support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan funds shall be advanced to the Borrower as requested by Borrower and approved by the Government. Approval by the Government will be given provided the advance is requested for a purpose authorized by the Government. Interest shall accrue on the amount of each advance from its actual date as shown in the Record of Advances at the end of this note. Borrower authorized the Government to enter the amount(s) and date(s) of such advance(s) in the Record of Advances.

For each rescheduled, reamortized or consolidated note for applications for Primary and Preservation Loan Service Programs received prior to November 28, 1990, interest accrued to the date of this instrument which is more than 90 days overdue shall be added to principal and such new principal shall accrue interest at the rate evidenced by this instrument. For applications for Primary and Preservation Loan Service Programs received on or after November 28, 1990, all unpaid interest accrued to the date of this instrument shall be added to the principal and such new principal shall accrue interest at the rate evidenced by this instrument.

Every payment made on any indebtedness evidenced by this note shall be applied first to a portion of any interest which accrues during the deferral period, second to accrued interest to the date of the payment on the note account and then to the principal. Nonprogram loans are not eligible for deferral.

Prepayments of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. Refunds and extra payments, as defined in the regulations (7 CFR § 1951.8) of the Farm Service Agency according to the source of funds involved, shall, after payment of interest, be applied to the last installments to become due under this note and shall not affect the obligation of Borrower to pay the remaining installments as scheduled in this note.

If the Government at any time assigns this note and insures the payment of it, Borrower shall continue to make payments to the Government as collection agent for the holder. While this note is held by an insured holder, prepayments made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on an installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between such date and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by Borrower to the Government without demand.

Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. Unless the Government consents otherwise in writing, Borrower will operate such property as a farm if this is a Farm Ownership loan.

If "Consolidation and subsequent loan," "Debt write down," "Consolidation," "Rescheduling," or "Reamortization" is indicated in the "Action Requiring Note" block in Item 9 above, this note is given to consolidate, reschedule or reamortize, but not in satisfaction of the unpaid principal and interest on the following described note(s) or assumption agreement(s) (new terms):

FUND CODE/ LOAN NO.	FACE AMOUNT	INTEREST RATE	DATE (include year)	ORIGINAL BORROWER	LAST INSTALL. DUE (include year)
	\$	%			
	\$	%			
	\$	%			
	\$	%

	\$	%

Security instruments taken in connection with the loans evidenced by these described notes and other related obligations are not affected by this consolidating, rescheduling or reamortizing. These security instruments shall continue to remain in effect and the security given for the loans evidenced by the described notes shall continue to remain as security for the loan evidenced by this note, and for any other related obligations.

REFINANCING (GRADUATION) AGREEMENT: If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, Borrower will, at the Government's request, apply for and accept a loan(s) in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. The provisions of this paragraph do not apply if the loan represented by this promissory note was made to the Borrower as a non-program loan.

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION AGREEMENT: Borrower recognizes that the loan described in this note will be in default should any loan proceeds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity as further explained in 7 CFR Part 1940, Subpart G, Exhibit M. If (1) the term of the loan exceeds January 1, 1990, but not January 1, 1995, and (2) Borrower intends to produce an agricultural commodity on highly erodible land that is exempt from the restrictions of Exhibit M until either January 1, 1990, or two years after the Natural Resources Conservation Service (NRCS) has completed a soil survey for the Borrower's land, whichever is later, the Borrower further agrees that, prior to the loss of the exemption from the highly erodible land conservation restrictions found in 7 CFR Part 12, Borrower must demonstrate that Borrower is actively applying on that land which has been determined to be highly erodible, a conservation plan approved by the NRCS or the appropriate conservation district in accordance with NRCS's requirements. Furthermore, if the term of the loan exceeds January 1, 1995, Borrower further agrees that Borrower must demonstrate prior to January 1, 1995, that any production of an agricultural commodity on highly erodible land after that date will be done in compliance with a conservation system approved by NRCS or the appropriate conservation district in accordance with NRCS's requirements.

DEFAULT: Failure to pay when due any debt evidenced by this note or perform any covenant of agreement under this note shall constitute default under this and any other instrument evidencing a debt of Borrower owing to, insured or Guaranteed by the Government or securing or otherwise relating to such debt; and default under any such other instrument shall constitute default under this note. **UPON ANY SUCH DEFAULT,** the Government at its option may declare all or any part of any such indebtedness immediately due and payable.

This Note is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act, or the Emergency Agricultural Credit Adjustment Act of 1978 and for the type of loan as indicated in the "Kind of Loan" block above. This Note shall be subject to the present regulations of the Farm Service Agency and to its future regulations not inconsistent with the express provisions of this note.

Presentment, protest, and notice are waived.

13. Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by the Borrower to the Government without demand.

14. Every payment made on any indebtedness evidenced by this note shall be applied according to priorities set in 7 CFR Part 765, or any successor regulation.

15. Prepayment of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. 16. Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. 19. If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, the Borrower will, at the Government's request, apply for and accept a loan in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. FOR VALUE RECEIVED, the undersigned Borrower and any cosigners jointly and severally promise to pay to the order of the United States of America, acting through the Farm Service Agency, United States Department of Agriculture, (herein called the "Government"), or its assigns, at its office in SUITE 240, 1238 COUNTY WELFARE ROAD, LEESPORT, PA 19533-9710

_____, or at such other place as the Government may later designate in writing, the principal sum of

(\$ 40,000.00 _____), plus interest on the unpaid principal balance at the RATE of
FIVE _____ percent (-----5.0000 %) per annum and

of Noncapitalized interest. If this note is for a Limited Resource loan (indicated in the "Kind of Loan" box above) the Government may CHANGE THE RATE OF INTEREST, in accordance with regulations of the Farm Service Agency, not more often than quarterly, by giving the Borrower thirty (30) days prior written notice by mail to the Borrower's last known address. The new interest rate shall not exceed the highest rate established in regulations of the Farm Service Agency for the type of loan indicated above.

Principal and interest shall be paid in SEVEN (7) installments as indicated below, except as modified by a different rate of interest, on or before the following dates:

\$ 2,000.00	on	DECEMBER 21, 2007	;	\$ 4,042.00	on	DECEMBER 21, 2008	;

The consideration for this note shall also support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan funds shall be advanced to the Borrower as requested by Borrower and approved by the Government. Approval by the Government will be given provided the advance is requested for a purpose authorized by the Government. Interest shall accrue on the amount of each advance from its actual date as shown in the Record of Advances at the end of this note. Borrower authorized the Government to enter the amount(s) and date(s) of such advance(s) in the Record of Advances.

For each rescheduled, reamortized or consolidated note for applications for Primary and Preservation Loan Service Programs received prior to November 28, 1990, interest accrued to the date of this instrument which is more than 90 days overdue shall be added to principal and such new principal shall accrue interest at the rate evidenced by this instrument. For applications for Primary and Preservation Loan Service Programs received on or after November 28, 1990, all unpaid interest accrued to the date of this instrument shall be added to the principal and such new principal shall accrue interest at the rate evidenced by this instrument.

Every payment made on any indebtedness evidenced by this note shall be applied first to a portion of any interest which accrues during the deferral period, second to accrued interest to the date of the payment on the note account and then to the principal. Nonprogram loans are not eligible for deferral.

Prepayments of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. Refunds and extra payments, as defined in the regulations (7 CFR § 1951.8) of the Farm Service Agency according to the source of funds involved, shall, after payment of interest, be applied to the last installments to become due under this note and shall not affect the obligation of Borrower to pay the remaining installments as scheduled in this note.

If the Government at any time assigns this note and insures the payment of it, Borrower shall continue to make payments to the Government as collection agent for the holder. While this note is held by an insured holder, prepayments made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on an installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between such date and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by Borrower to the Government without demand.

Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. Unless the Government consents otherwise in writing, Borrower will operate such property as a farm if this is a Farm Ownership loan.

If "Consolidation and subsequent loan," "Debt write down," "Consolidation," "Rescheduling," or "Reamortization" is indicated in the "Action Requiring Note" block in Item 9 above, this note is given to consolidate, reschedule or reamortize, but not in satisfaction of the unpaid principal and interest on the following described note(s) or assumption agreement(s) (new terms):

Security instruments taken in connection with the loans evidenced by these described notes and other related obligations are not affected by this consolidating, rescheduling or reamortizing. These security instruments shall continue to remain in effect and the security given for the loans evidenced by the described notes shall continue to remain as security for the loan evidenced by this note, and for any other related obligations.

REFINANCING (GRADUATION) AGREEMENT: If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, Borrower will, at the Government's request, apply for and accept a loan(s) in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. The provisions of this paragraph do not apply if the loan represented by this promissory note was made to the Borrower as a non-program loan.

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION AGREEMENT: Borrower recognizes that the loan described in this note will be in default should any loan proceeds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity as further explained in 7 CFR Part 1940, Subpart G, Exhibit M. If (1) the term of the loan exceeds January 1, 1990, but not January 1, 1995, and (2) Borrower intends to produce an agricultural commodity on highly erodible land that is exempt from the restrictions of Exhibit M until either January 1, 1990, or two years after the Natural Resources Conservation Service (NRCS) has completed a soil survey for the Borrower's land, whichever is later, the Borrower further agrees that, prior to the loss of the exemption from the highly erodible land conservation restrictions found in 7 CFR Part 12, Borrower must demonstrate that Borrower is actively applying on that land which has been determined to be highly erodible, a conservation plan approved by the NRCS or the appropriate conservation district in accordance with NRCS's requirements. Furthermore, if the term of the loan exceeds January 1, 1995, Borrower further agrees that Borrower must demonstrate prior to January 1, 1995, that any production of an agricultural commodity on highly erodible land after that date will be done in compliance with a conservation system approved by NRCS or the appropriate conservation district in accordance with NRCS's requirements.

DEFAULT: Failure to pay when due any debt evidenced by this note or perform any covenant of agreement under this note shall constitute default under this and any other instrument evidencing a debt of Borrower owing to, insured or Guaranteed by the Government or securing or otherwise relating to such debt; and default under any such other instrument shall constitute default under this note. **UPON ANY SUCH DEFAULT,** the Government at its option may declare all or any part of any such indebtedness immediately due and payable.

This Note is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act, or the Emergency Agricultural Credit Adjustment Act of 1978 and for the type of loan as indicated in the "Kind of Loan" block above. This Note shall be subject to the present regulations of the Farm Service Agency and to its future regulations not inconsistent with the express provisions of this note.

Presentment, protest, and notice are waived.

13. Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by the Borrower to the Government without demand.
